EDUCATION

BITE

The British Institute of Technology & E-commerce (BITE) is a catalyst organisation, bringing together talent, industry and government. It seeks to advance and apply this expertise through research, consultancy and education.

CALIFORNIA COLLEGE OF ARTS

The groundbreaking full-time, two-year MBA in Design Strategy at California College of the Arts prepares the next generation of innovation leaders for a world that is not only profitable, but also sustainable, ethical, and truly meaningful.

CHELSEA COLLEGE OF ART & DESIGN

The Textile Environment Design (TED) project is a unique collective of practicing designers / educators. The main aim of the project is to look at the role that the designer can play in creating textiles that have a reduced impact on the environment and to provide a toolbox of designer-centred solutions.

ESMOD BERLIN

ESMOD Berlin is the first higher educational programme in Germany to address the urgency of integrating the theme of sustainable fashion into its curriculum.

KNOCK ON THE DOOR

Knock on the Door has created “Business in a Box”, providing an in-depth look at all aspects of running a fashion label.

LCF

The Centre for Sustainable Fashion (CSF) was set up at London College of Fashion in 2008 to be an internationally recognised leader in sustainable fashion education, aiming to change the landscape of the fashion sector and pushing boundaries

PARSONS

Parsons Sustainable Fashion course examines manufacturing from a social, political and economic point of view and enables students to learn about the human rights and environmental violations as related to the apparel and textile industry.

DELAWARE, USA

The Department of Fashion & Apparel Studies offers a graduate certificate in Socially Responsible and Sustainable Apparel Business that addresses labour and environmental problems
